| <b>overline</b>   | Asap                       | Medium  | 9    | Sentence | 0.5            |

## Properties

### ➤ Asap

Has a expanded width axis and a black larger scope of weight. With this font, the lines of text remain the same length, allowing users to change type styles on-the-go without reflowing a text body.

## ➤ Public Sans

A common sans-serif font with a strong, neutral typeface for interfaces, text and headings. This font is based on Libre Franklin font.
